

GEA OUTDOOR KITCHENS

Gea è la soluzione definitiva per trasformare il tuo spazio all'aperto in un paradiso culinario. Il suo design essenziale e la straordinaria modularità la rendono ideale per creare la cucina outdoor dei tuoi sogni: le diverse larghezze e altezze dei moduli combinate alle due finiture di gambe e maniglie, quattro colori, tre versioni di top, oltre alla possibilità di essere posizionata a muro o ad isola, fanno di Gea la cucina perfetta per ogni outdoor. Realizzata con corpo in acciaio inox Aisi 316 marine-grade, Gea unisce eleganza e resistenza, garantendo una durata e una qualità senza compromessi.

Gea est la solution ultime pour transformer votre espace extérieur en un paradis culinaire. Son design épuré et sa modularité exceptionnelle la rendent idéale pour créer la cuisine extérieure de vos rêves. Les différentes largeurs et hauteurs des modules, combinées aux deux finitions des pieds et des poignées, quatre couleurs, trois versions de plans de travail, ainsi que la possibilité d'être placée contre un mur ou en îlot, font de Gea la cuisine parfaite pour tout extérieur. Réalisée en acier inoxydable de qualité marine (Aisi 316), Gea allie élégance et résistance, garantissant une durabilité et une qualité sans compromis.

Gea is the ultimate solution to transform your outdoor space into a culinary paradise. Its sleek design and remarkable modularity make it ideal for creating the outdoor kitchen of your dreams: the various widths and heights of the modules, combined with two leg and handle finishes, four colors, three top versions, and the option to be positioned against a wall or as an island, make Gea the perfect kitchen for any outdoor setting. Made with a body in Aisi 316 marine-grade stainless steel, Gea combines elegance and durability, ensuring uncompromising quality and longevity.

Gea is de ultieme oplossing om jouw buitenruimte om te toveren tot een culinair paradijs. Het strakke ontwerp en de flexibiliteit van de verschillende modules, maken het ideaal om de buitenkeuken van je dromen te creëren: de verschillende breedtes en hoogtes van de modules, gecombineerd met twee afwerkingen voor poten en handgrepen, vier beschikbare kleuren voor de fronten, drie versies van het werkblad of deze te betrekken elders, en de mogelijkheid om tegen een muur of als eiland te plaatsen, maken van Gea de perfecte keuken voor elke buitenruimte. Vervaardigd van Marine Grade Aisi 316 roestvrij staal, combineert Gea elegantie en duurzaamheid en garandeert een compromisloze kwaliteit en levensduur.

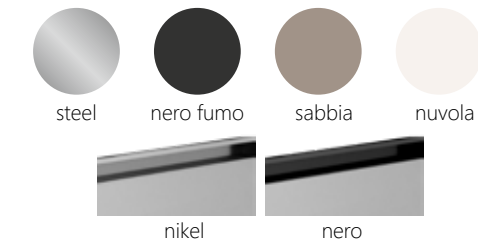

L'esterno di tutti i moduli e i barbecue sono realizzati in acciaio Aisi 316 uso marino, lo stesso usato per costruire yacht e navi.

The exterior of all modules and barbecues is made of Aisi 316 marine-grade stainless steel, the same used in the construction of yachts and ships.

L'extérieur de tous les modules et barbecues est fabriqué en acier inoxydable Aisi 316 de qualité marine, également appelé 'acier marin', utilisé dans la construction navale.

De buitenkant van alle modules en barbecues is gemaakt van marine grade Aisi 316 roestvrij staal, hetzelfde staal dat wordt gebruikt voor de bouw van jachten en schepen.

Tutti i moduli sono disponibili con antine/cassetti in acciaio inox o verniciati in colore nero fumo, sabbia o nuvola. Struttura, gambe e finiture sono disponibili in versione nikel o nero. Per uno stile essenziale e pulito, drammatico e glam, naturale e romantico, ma sempre d'effetto.

All modules are available with stainless steel doors/drawers or painted in matt black, sand, or cloud colors. The structure, legs, and finishes are available in nickel or black versions. For a clean and essential style, dramatic and glamorous, natural and romantic, but always striking.

Tous les modules sont disponibles avec des portes ou des tiroirs en acier inoxydable, ou bien peints en couleur, au choix : noir de fumée, sable ou nuage. La structure, les pieds et les finitions sont disponibles en version nickel ou noire. La ligne est épurée et essentielle ; les combinaisons de couleurs permettent de créer une atmosphère soit glamour, soit naturelle, voire contrastée. Le résultat sera toujours percutant.

Alle modules zijn beschikbaar voorzien van links of rechtsdraaiende draaideuren en uittrekbare fronten, naar wens voorzien van extra binnen laden. Voor een minimalistische en strakke stijl, geheel uitgevoerd in roestvrij staal of gepoedercoat in de kleuren rookzwart, zand of wolk.

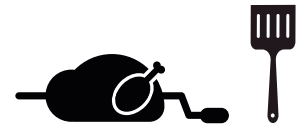

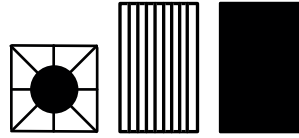

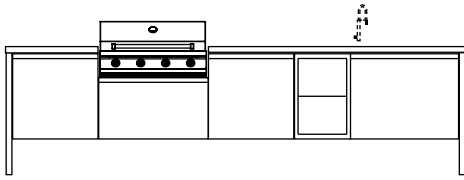

Diversi materiali per il top, acciaio inox o HPL, sono disponibili su misura per qualsiasi configurazione. Qualsiasi altro top su misura è compatibile con ogni configurazione Gea.

Various materials for the countertop, stainless steel or HPL, are available custom-made for any configuration. Any other custom-made countertop is compatible with every Gea configuration.

Pour le plan de travail, vous avez le choix entre plusieurs matériaux comme l'acier inoxydable ou l'HPL, ils sont produits sur mesure pour s'adapter à n'importe quelle configuration. La structure Gea permet également d'utiliser du bois ou du marbre comme plan de travail.

Verschillende materialen voor het werkblad, roestvrij staal of HPL, zijn op maat beschikbaar voor elke configuratie. Elk ander op maat gemaakt werkblad is compatibel met elke Gea configuratie

Moduli ad ante o a cassetti, integrabili con lavelli, barbecue, bruciatori o frigorifero, in tre diverse altezze e quattro larghezze combinabili in potenzialmente infinite possibilità, con l'opportunità di alloggiare qualsiasi altro macchinario di produzione esterna (es. produttore di ghiaccio). Grazie all'estrema modularità e all'offerta di top su misura, qualunque sia la configurazione scelta, Gea garantisce un design senza interruzioni per la creazione di una vera e propria cucina, come quella di casa, all'esterno.

Possibilità di cuocere su bruciatori, su griglie in ghisa o acciaio inox, o su piastre. Il coperchio coibentato a doppio strato con termometro dei moduli barbecue permette cotture a forno che lo rendono ancora più versatile. Pizza, pollo allo spiedo, affumicature sono solo alcune delle preparazioni possibili.

Un'ampia gamma di accessori compatibili per la cottura, la preparazione e la cura della cucina da esterno ne consente la pianificazione e l'utilizzo più efficienti e completi.

Modules with doors or drawers, integrable with sinks, barbecues, burners, or refrigerators, in three different heights and four widths, offering potentially infinite combinations, with the possibility to accommodate any other externally produced equipment (e.g. ice maker). Thanks to its extreme modularity and the availability of custom-made countertops, whatever configuration is chosen, Gea guarantees a seamless design for creating a true outdoor kitchen, just like the one at home.

Possibility to cook on burners, on cast iron or stainless steel grates, or on griddles. The double-layer insulated lid with a thermometer on the barbecue modules allows for oven-style cooking, making it even more versatile. Pizza, rotisserie chicken, and smoking are just some of the possible preparations.

A wide range of compatible accessories for cooking, preparation, and outdoor kitchen care allows for more efficient and complete planning and use.

Des modules avec des portes ou des tiroirs peuvent être intégrés avec des éviers, des barbecues, des brûleurs ou des réfrigérateurs. Ils existent en trois hauteurs différentes et quatre largeurs, offrant ainsi des possibilités de combinaison infinies. De plus, il est possible d'intégrer des appareils électroménagers, par exemple une machine à glaçons. Grâce à sa grande modularité et à l'offre de plans de travail sur mesure, Gea garantit un design d'un seul tenant pour créer une véritable cuisine extérieure, tout en offrant le confort d'une cuisine intérieure.

Vous pouvez cuisiner, au choix, sur des brûleurs, des grilles en fonte ou en acier inoxydable, ou sur des plaques. Le couvercle du barbecue est isolé à double paroi avec thermomètre, vous permettant ainsi des cuissons façon four, ce qui le rend encore plus polyvalent. Pizza, poulet rôti, fumage ne sont que quelques exemples des préparations possibles avec les accessoires disponibles.

Une large gamme d'accessoires compatibles pour la cuisson, la préparation et l'entretien de la cuisine d'extérieur permet une utilisation efficace et complète dans le temps.

Modules voorzien van draaideuren en uittrek laden, integreerbaar met spoelbakken, barbecues, gasbranders en koelkasten, in drie verschillende hoogtes en vier breedtes, die eindeloze combinaties mogelijk maken, met de mogelijkheid om elk ander extern geproduceerd apparaat te plaatsen (bijv. ijsmachine). Dankzij de extreme modulariteit en de mogelijkheid van op maat gemaakte werkbladen, garandeert Gea, ongeacht de gekozen configuratie, een naadloos design voor het creëren van een echte buitenkeuken, net zoals de keuken binnenshuis.

Mogelijkheid om te koken op gasbranders, op gietijzeren of roestvrijstalen grill roosters, of op de teppanyaki. De dubbelwandige geïsoleerde klep van de barbecue-module, voorzien van thermometer, maakt het mogelijk om te bereiden zoals in de oven, wat barbecueën nog veelzijdiger maakt. Pizza, kip aan het spit, roken zijn slechts enkele van de mogelijke bereidingen.

Een breed scala aan accessoires voor barbecueën, grillen, koken, voorbereiden en t.b.v. het onderhoud van de buitenkeuken, maakt het gebruik ervan efficiënter.

GEA OUTDOOR KITCHENS: ENDLESS POSSIBILITIES

Brucciato rapido, griglie in ghisa per una perfetta distribuzione del calore, griglie in acciaio inox antiaderente, piastre in ghisa o teppanyaki. Le molteplici possibilità di cottura e grigliatura rendono i barbecue Swing estremamente versatili.

Rapid burner, cast iron grates for perfect heat distribution, non-stick stainless steel grates, cast iron or teppanyaki plates. The multiple cooking and grilling options make Swing barbecues extremely versatile.

Brûleurs puissants et rapides, grilles en fonte pour une répartition parfaite de la chaleur, grilles en acier inoxydable antiadhésives, plaques en fonte ou plancha. Les multiples possibilités de cuissons et de grillades rendent les barbecues Swing extrêmement polyvalents.

Snel brander, gietijzeren grill-roosters voor een perfecte warmteverdeling, antiaanbak roosters van roestvrij staal, gietijzeren grill-top of een teppanyaki. De veelzijdige kook- en grillmogelijkheden maken Swing barbecues uiterst veelzijdig.

Grazie al coperchio coibentato a doppio strato con termometro, che consente cotture lente e a temperatura controllata, l'accessorio per affumicatura può essere usato per affumicare o per grigliare conferendo alle pietanze un gusto ricco e complesso.

Thanks to the double-layer insulated lid with a thermometer, which allows for slow and controlled-temperature cooking, the smoking accessory can be used for smoking or grilling, giving dishes a rich and complex flavor.

Grâce au couvercle isolé à double couche avec thermomètre, vous pouvez réaliser des cuissons lentes et à température contrôlée. L'accessoire pour fumage peut être utilisé pour fumer ou griller, donnant aux préparations une saveur riche et complexe.

Dankzij de dubbelwandige geïsoleerde afdekkap voorzien van thermometer, welke langzaam en gecontroleerd grillen mogelijk maakt. De rook inzet wordt gebruikt bij het roken of grillen, waardoor gerechten een rijke en complexe smaak krijgen.

Il barbecue a gas non dev'essere un ostacolo per chi ama la grigliatura dal sapore tradizionale. L'accessorio per carbonella è il dettaglio che fa la differenza: tutta la potenza dei bruciatori a gas e l'aroma inconfondibile della griglia classica.

A gas barbecue shouldn't be a barrier for those who love traditional grilling flavors. The charcoal accessory is the detail that makes the difference: all the power of gas burners combined with the unmistakable aroma of classic grilling.

Notre barbecue au gaz satisfait également ceux qui aiment les saveurs traditionnelles de la grillade. En effet, l'accessoire pour charbon de bois est le détail qui fait la différence. Vous obtenez toute la puissance des brûleurs à gaz associée à l'arôme inimitable donné par le charbon de bois.

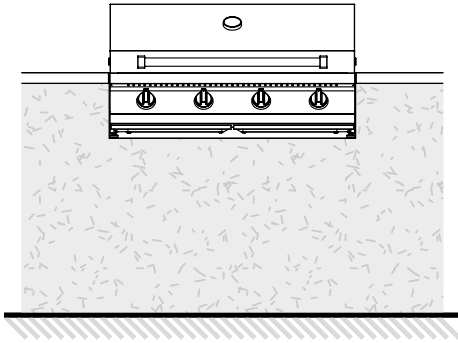

Onze gasbarbecue hoeft geen concessie te zijn voor liefhebbers van de traditionele barbecue methode. De houtskool inzet, is "de" accessoire die het verschil maakt. De krachtige gasbranders gecombineerd traditioneel houtskool, maakt hybride barbecueën mogelijk.

Pizza come al ristorante: a coperchio chiuso il barbecue è in grado di raggiungere temperature comparabili a quelle di un forno a legna; grazie al kit con pietra refrattaria sarà possibile sfornare una pizza ogni 3-4 minuti.

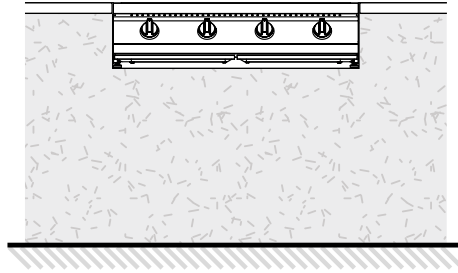

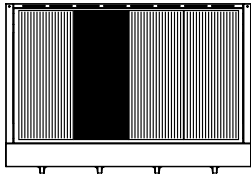

Pizza like in a restaurant: with the lid closed, the barbecue can reach temperatures comparable to a wood-fired oven; thanks to the kit with a refractory stone, you can bake a pizza every 3-4 minutes.

Pizzas comme à la pizzeria : avec le couvercle fermé, le barbecue peut atteindre des températures élevées comparables à celles d'un four à bois ; grâce au kit avec pierre réfractaire, vous pourrez cuire une pizza toutes les 3-4 minutes.

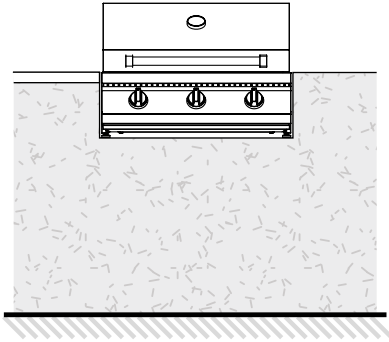

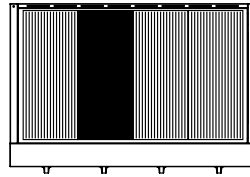

Pizza zoals in een restaurant: met het afdekkap gesloten kan de barbecue temperaturen bereiken die vergelijkbaar zijn met die van een houtoven; dankzij de vuurvaste steen accessoire, kunt u elke 3-4 minuten een pizza bakken.
